

2019 #21003 Pinot Noir

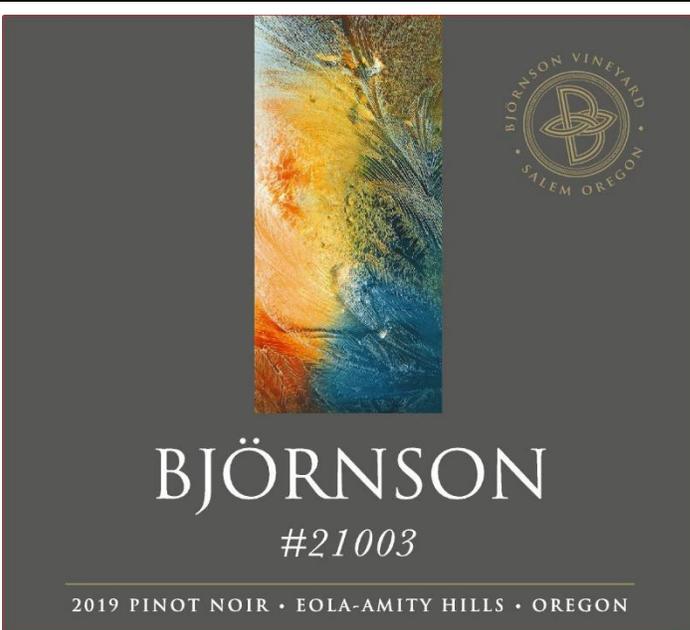

Eola-Amity Hills AVA | Willamette Valley | Oregon

Björnson Vineyard is part of a scenic 107-acre farm, located in the heart of Oregon's Willamette Valley. We are committed to generating renewable energy, farming sustainably, and making wine with minimal handling, so that each bottle fully expresses our exceptional terroir.

The Grapes for this wine come from our 28-acre Björnson Estate vineyard in the Eola-Amity Hills AVA. The vineyard is situated on a primarily southwest aspect at an elevation ranging between 450'-550' with predominantly rocky Neke volcanic soils. The Pinot Noir is 100% estate fruit coming from our multiple clones and diverse vineyard blocks.

The Wine is a five-barrel blend crafted in homage to the first wine produced here at Björnson Vineyard. The name #21003 is our Bonded Winery Number. The first vintage was small, because the vines were young, which necessitated co-fermenting the grapes. We continue this tradition because we feel it is a great representation of our terroir, and the unique nature of each vintage.

The 2019 Vintage was a stressful vintage and quite a departure from the previous five uncharacteristically hot vintages. The cool wet spring helped the vines handle what initially was a reasonably warm summer, and the sugar accumulation in the grapes was almost complete before the cold wet fall arrived. With disease pressures high and brix levels plateauing or barely increasing, many growers and vintners had to make some tough picking decisions. Despite the stress and the light crop load, Björnson Vineyard stayed vigilant and was able to produce some exceptional wines. The long hangtime (period from bloom to harvest) extended past 100 days in most cases allowing us to make wines with a greater phenological maturity without excess sugar. This resulted in wines of depth without over-ripe character, or elevated alcohol which retained their natural acidity.

BJÖRNSON
#21003
2019 PINOT NOIR • EOLA-AMITY HILLS • OREGON

Appellation: Eola-Amity Hills AVA, Willamette Valley, Oregon

Vineyard: Björnson Estate

Vinification: The fruit was hand-picked, sorted, and destemmed without crushing to maintain whole berries during fermentation. Multiple clones from our diverse vineyard blocks were co-fermented, and the final blend includes 9% whole cluster fermentation. The fermenters received a short cold soak before being inoculated. Gentle pump-overs were performed at the beginning and end of the fermentation curve with punch-downs being implemented during peak fermentation to break up the cap. Most of the fermentations were complete and pressed off the skins 20 days after harvest. Malo-lactic conversion was completed in barrel with *sur-lee* aging for 10 months in 20% new French oak.

Harvested: Oct. 2 - Oct. 9, 22.2-24 Brix

Finished Wine: Alc. 13.7%, pH 3.54, TA 5.6 g/L

Bottled: Aug. 26, 2020, 124 cases
