

2022 Magnus Pinot Noir

Eola-Amity Hills AVA | Willamette Valley | Oregon

Björnson Vineyard is part of a scenic 107-acre farm, located in the heart of Oregon's Willamette Valley. We are committed to generating renewable energy, farming sustainably, and making wine with minimal handling, so that each bottle fully expresses our exceptional terroir.

The Grapes for this wine come from our 28-acre Björnson Estate vineyard in the Eola-Amity Hills AVA. The vineyard is situated on a primarily southwest aspect at an elevation ranging between 450'-550' with predominantly rocky Nekia volcanic soils.

The Wine is a 15-barrel selection honoring Mark's grandfather Magnus, a loving husband, respected businessman, and fair-minded civic and political leader. His namesake brings strength and leadership to our lineup of wines. This blend is a selection of our boldest barrels, with more new oak, and a unique intensity.

The 2022 Vintage was full of surprises. It started with an early spring bud-break which was followed by a severe frost event. There was a lot of concern around the valley as to how much damage occurred; fortunately, our estate vineyard was unharmed. The unusually cool spring did delay our ripening but we had a very nice, long, warm fall and our fruit ripened just in time before the rains. Our harvest crew was splendid! They worked so hard and maintained a great spirit as we crushed our largest harvest to-date. The white wines are fresh and stunning and the reds are contemplative and elegant. We also made quite a bit of sparkling wine that we cannot wait to taste as they age in tirage. Our thanks to everyone involved. Cheers!

Appellation: Eola-Amity Hills AVA, Willamette Valley, Oregon

Vineyard: 100% Björnson Estate Pinot Noir

Vinification: The fruit was hand-picked, sorted, and destemmed without crushing to maintain whole berries during fermentation. A diverse program of yeast was used including non-saccharomyces during cold soak. Gentle pump-overs were performed at the beginning and end of fermentation with punch-downs being implemented during peak fermentation to break up the cap. Oxygen was introduced during peak fermentation to promote yeast health and limit off flavors. Malo-lactic conversion finished naturally in barrel with *sur-lie* aging for 13 months in 40% new French oak. This is a true barrel-selection blend across multiple fermentations, allowing us to achieve our stylistic aim.

Harvested: Oct 13-19, 2022, 22.5-24 Brix

Finished Wine: Alc. 14.1%, pH 3.59, TA 5.0 g/L

Bottled: December 4, 2023, 350 cases, **Unfined/Unfiltered**
